Buggy Seat Joltings

Serenely ensconced behind a fine team of drivers, the writer spent the greater part of last week in the north country, going as far as Empress, near the Saskatchewan border.

It was a great trip, despite the alternate Old Sol and the blustery winds. As we remarked, it was a great trip and all the more strongly impressed upon us the important position occupied by Carlstadt as the trading center of an immense farming area.

Right now spring work is in full swing. Many farmers have their

seedling all done, while others are just starting. Several fine fields were to be seen, near Carlstadt, where the grain was up an inch or so. The season has had a most auspicious opening.

One of the neatest appearing farms that we passed was that of J. J. Gardell, seven miles out.

Everywhere new houses and barns are going up, additions made to present buildings, more land put under cultivation, in short, a farming community of no insignificant importance is springing up where nothing but raw prairie existed four years ago.

Among the places where we were

Mrs. Dr. McEwen and baby Hilda are visitors this week to the Doctor's parents home in Gleichen. Mrs. McEwen will also visit in Strathmore and Calgary before returning home.

An automobile party from Suffield had a sad mishap east of town last Saturday night, when their car ran into a barbed wire fence. In the party was a gentleman and two ladies, but one of the ladies had alighted just previous to the encounter with the fence. The gentleman was badly scratched, but the lady in the car fared worst of all being so badly injured about the face that Dr. McEwen, who attended the twin found it necessary to put a stitch in her lip. The party left Carlstadt for home on Sunday by horse and rig, as their car was horsed combat.

COMMENT

It is a pleasure to know that while many merchants in the towns along the main line are complaining about trade conditions, business in the Busy Burg runs along very satisfactory. Of course there is a reason. Carlstadt has an area settled on all sides. Our neighbors like Brooks and Bassano are surrounded by a vast area held by the big land companies. We know where of we speak.

The town council has sent forth the dictum "Clean up." Every one can do a little. May 15th is the upset date.

More snow on Tuesday. But it does a world of good at that.

Will the man who last fall predicted 14 months of winter step up and receive his prize.

Already the Calgary papers are talking about the bumper crops. By the same token we are talking about buying an automobile. Its no harm talking about it.

Rapid development has its disadvantages as well as its advantages. The influx of investors to Medicine Hat has brought with it apparently its quota of prospectors of an undesirable type and householders cannot be careful in seeing to the fastenings of their doors and windows at night. The News has no desire to needlessly agitate nervous women in this connection, but as an attempt was made to burglarize H. J. Stevens' residence on Barclay St., last night, it is well that a note of warning be sounded. When Mr. Stevens arose this morning he found that a bold effort had been made during the night to pry a heavy screen door open. Something must have disturbed the interlopers as by the appearance of the door they left in a hurry. —Medicine Hat News.

Stallion, "Rob Rob"

This horse will stand for breeding purposes, on the farm of his owner, A. S. Lockren, one mile north of Carlstadt, from 12 to 2 o'clock and from 6 p.m. to 9 p.m. daily, except Sundays.

Certificate of Stallion.

The pedigree of the Stallion, Rob Roy, described as follows:—Color, black, marks, white stripe in face, four white feet, foaled in the year 1902, has been examined in the department and it is found that the said stallion is not of pure breeding and is therefore, not eligible for registration in any stud book recognized by the department. Dated at Edmonton, Alberta, this fifteenth day of May, 1911.

entertained were the homese of Kate Biree, John Mcintosh and Nathaniel McCracken at Trijo's. It was no idle braver who said that the people from Ontario are the most hospitable of all.

Farther north, along the Red Deer river we passed over several large ranches, among them the Gordon ranch of some fifty thousand acres. Mr. Gordon also goes in for farming on an extensive scale, having his own irrigation system for several hundred acres.

The ranch house is equipped with a hot and cold water system as well as other modern conveniences, so that one would almost forget he was sixty miles from a railroad.

Another ranch that is not to be sneezed at is the Shaver place, which is managed by William Price. This week Mr. Robertson, of Scotland, takes ownership of this place and the Pearson and Mossup ranch. Combined the two ranches cover about two townships. Mr. Price will probably act as Mr. Robertson's manager.

In 21-5 is located John Dart and his family. They are only seventy-five miles from a railroad! Mr. Dart and his family are the only settlers in the whole township. They are pioneers of the first order, having been among the early settlers in Dakota and later near Bayona. The new railroad is now surveyed across his farm and Mr. Dart says he's leaving. "When railways come, I go," he said.

While at Empress we were guests at the home of Mrs. T. Boyd, whose son, Albert, holds a valuable half section near the townsite.

What do we think of Empress? Just this that for the present it is practically nil, though it has a bright future. The Bassano-Swift Current branch will probably not be finished before next spring, maybe, not then as we understand the Saskatchewan river bridge will take some two years to finish and some other difficult engineering has to be completed.

Alfalfa Competition.

The Agricultural branch, Department of Natural Resources, Canadian Pacific Railway, Calgary, Alta., announced recently that its successful alfalfa Competition for farmers in the Irrigation Block will be repeated this year. There will be two sets of prizes, a Yellow set for alfalfa seeded in 1912, and a new set for alfalfa to be seeded in 1913; and altogether the value of these prizes will be \$1050. The company has arranged to supply competitors with 12,000 lbs. of the best northern grown alfalfa to be used to obtain. This seed has been purchased wholesale, and will be retained to the farmers at actual cost, landed at Strathmore, which is 24 cents per lb. Orders may be sent to the Agricultural Branch, as above or to the C.P.R. Demonstration Farm at Strathmore, and in all cases should be accompanied by post office order or draft. If personal cheques are used, sufficient must be included to cover exchange. It is not to late yet to join this competition, and all farmers in the Irrigation Block, who have not procured entry blanks should hasten to do so at once.

14. If more than one animal is impounded and the owner thereof is known the Poundkeeper shall only sell sufficient of such animals to satisfy the claims for damages, expenses and fees chargeable against the animals and the owner of the animals shall be entitled to those remaining unsold.

(b) If the owner of the animals is unknown the poundkeeper shall sell all the animals impounded.

(c) The poundkeeper shall immediately after such sale send to the treasurer a description of the animal sold, the date of sale the amount realized and the disposition thereof.

15. No Poundkeeper making a sale under the provisions of the Rural Municipal Act and of this By-law shall be liable to a penalty for selling without a license as an auctioneer.

17. The owner of any impounded animal may give notice in writing to the poundkeeper that he intends to compare to a justice of the peace against the person impounding such animal and upon receiving such notice and upon deposit with the poundkeeper of the amount claimed for damages together with the pound or authorized fees and charges, the poundkeeper shall release such animal and shall retain such amount subject to the order of a justice of the peace as hereinafter provided.

Such complaint may be upon any one of the following grounds:

a. That the impounding was illegal or

b. That the damages claimed are excessive, or

c. That the impounding was illegal but that in any event the damages are excessive.

But the justice shall not enquire into any complaint notice of which has not been given.

18. Within ten days after giving

the notice in the last preceding section mentioned, the owner may lodge his complaint, as set forth in the notice with a justice of the peace, who thereupon shall institute the like proceedings as are authorized under the Criminal Code for Justices making orders for the payment of money and upon hearing the complaint the Justice may determine the nature of such complaint, and if the Justice—

1. Adjudges that the animal impounded was illegally impounded as claimed, the Justice shall order the said animal, if not released, to be restored to the owner, or, if released, the money deposited with the Poundkeeper to be repaid, and in either event the Justice shall order the impounder to pay the costs of the proceedings and all fees which the poundkeeper is lawfully entitled to, or

2. Finds on a complaint laid as in Clause B of the last preceding paragraph, the amount of damages the impounder has sustained to be less than claimed, the Justice shall order the excess and the owner's costs of the proceedings to be paid to the owner by the poundkeeper out of the money paid in by the owner and if no money has been paid in by the owner, the Justice shall order the payment forthwith of the amount of the damages so fixed less the costs of the proceedings, and in default of such payment, the animal impounded shall be sold and the proceeds applied as hereinafter directed by this By-law or

3. Adjudges that the animal impounded was legally impounded or that the amount of damages was not less than the amount claimed by the impounder, then the Justice shall make an order for the payment forthwith of the amount claimed and all pound and other authorized fees together with costs of such proceedings and in default of such payment the animal impounded shall be sold and the proceeds applied as hereinafter directed by this By-law.

4. Finds on a complaint laid as in Clause C of the last preceding paragraph that the animal was illegally impounded but that the damages sustained by the impounder were less than claimed, the Justice shall make an order as directed by Paragraph two hereof but shall not allow costs to either party and the proceedings shall be taken on any such other orders as provided in such paragraph.

17. Nothing contained in this By-law shall deprive the owner of any animal impounded of any action, remedy or right that he may have at common law or otherwise by reason of the same being unlawfully seized, detained or impounded.

18. Nothing herein contained shall prevent the owner of any lands trespassed upon or of any property destroyed from making a complaint against this By-law and bringing his action in any competent Court in consequence of any trespass.

19. Any person convicted of a breach of this By-law shall be liable to the penalties imposed by the By-law providing for the enforcement of the By-laws of the Municipality.

Sunday School was reorganized on April 20th. The seats were all filled but there is room for more. All seemed interested and enthusiastic about the work. Everybody welcome. Come and bring a friend!

J. Tribe passed northwards Sunday with his sister Mrs. McLeod. The former was returning from Calgary; the latter from Macleod.

Last Thursday being election day the children were given a holiday from school. Mrs. Lahd and Miss Harris visited Mrs. W. Benjamin in the afternoon spending a very pleasant hour with her.

Miss Harris stayed with Mrs. Ford over the week end.

Mr. and Mrs. Baxton passed by J. Lahd's on their northward journey. Mr. Walker was travelling with them.

Three antelope were seen twenty miles north of town.

Sunday School was held as usual on Sunday in the school house. Quite a large number were present, twenty-nine in all.

Jenn Tare who is working at Mr. Lahd's left last Sunday to look over land at the Red Deer River.

POLONA PONDERINGS

As the election is now over you can see the farmers out in this locality busy in the field. Whether satisfied or not they have made up their minds that they will have to make the best of it, of course like all other communities there are some who are dreadfully dissatisfied.

The stork visited Mr. and Mrs. Jack Swift one day last week and left them a little daughter. Mother and daughter are doing fine.

Mr. and Mrs. Johnson of Peenless called on Mr. and Mrs. L. C. Furry on Saturday.

Brooks Hetherington was calling on Tide Lake friends Sunday.

Mrs. Jennie Zimmerman was calling on some of her old neighbors at Tripola on Thursday.

PEENLESS

Messrs. Ray and Donald Cameron left on Monday for Calgary, where they intend to spend the summer tanning. They are making the trip by trail.

Mrs. Max Brown left on Tuesday for Medicine Hat, where she was met by her husband.

Mr. and Mrs. Walter Holmes have taken their departure for the summer months. Mr. Holmes expects to locate a position in the Hat for the next six months.

J. Habowski, who has been spending the last month with R. Cameron, returned to his home in Calgary last week.

Andrew Lloyd was a Calgary visitor last week.

A Peenless cow puncher, in the person of George Whitney received a shaking up last Tuesday while trying to win a bet by riding his out law saddle pony with only a saddle and lankinore on. After a noble run the pony diverted his efforts to bucking, sunbathing, reversing ends and all other tactics known only to the true western out-law. George was doing nobly, until the climax came. The hind cinch broke letting the saddle turn under and rather than risk on his horse a feat that George had not practiced, he decided to take a sleep on the ground for two minutes and a half. When he finally saw daylight, he proceeded to reach his shuck on foot.

We are glad to report, however he is recovering nicely from the jar. If possible we shall try to notify the public when the next stunt is to be pulled off.

V. Jansson is in Gleichen this week on business.

Winfield Foxton of Polona is a welcomed visitor in our vicinity. He is putting in the crop for R. Cameron this week.

Messrs. Grove and Hammond of Redcliff, spent a few days last week with George Whitney.

FROM THE CANADIAN PACIFIC

Wonderful fertile land is offered for sale by the Canadian Pacific Railway Company at prices ranging from \$11 to \$30 per acre. There is no better agricultural land than this virgin Canadian soil. It is unsurpassed for all forms of agriculture, including grain growing, stock raising, dairying, poultry culture, vegetable growing, and general mixed farming. The lands are convenient to railways and markets, and are located in a land of low taxation and delightful climate.

TWENTY YEARS TO PAY

Under the Company's new policy, no land is sold to speculators, but only to those who will occupy and improve it. The terms of sale are now one-twentieth cash and the balance spread over twenty years, with interest at six per cent per annum.

ASSISTANCE TO FARMERS

Under certain conditions the Company will advance a loan of \$2000 to new settlers to be used in erecting a house and barn, fencing the land, and sinking a well. This loan is repayable on the same terms as the purchase price.

COME, PEOPLE, COME. IT'S A MAMMOTH MERCHANDISE MASSACRE

Don't compare this sale to any other, for it will positively be the most sensational and rapid selling ever known in this county. People are coming, from the north and from the south, from the east and the west, from the area that reaches to the mountain's forecast. They'll come May the Third, in wagons and train. They will buy and go home and all come again. They will bring their good neighbor and sister and brother. And if they have a suit or dress or shoe, they will buy another. They will buy dry goods, domestics, fancy goods and all that. And don't forget, brother, sister needs a new hat. Men's suits will be offered so wonderfully low. Every suit in the house the first day should all go. Men's furnishings, so cheap, socks, shoes, underwear and cravats, better and cheaper than you can get at Calgary or Medicine Hat, and will leave your money where it will come back again, a beneficiary to the people of this vast domain.

Only a few of our prices we quote you this time,
As too much space has been devoted to rhyme;
Then again, we prefer you should come, see and know.
That Woollven's Pioneer Store is the place all should go.

Now, not later, now is your opportunity. Grasp it now. Here are a few, and only a few of the thousand chances to save. A dollar saved is a dollar made.
